

# 2019 REPORT

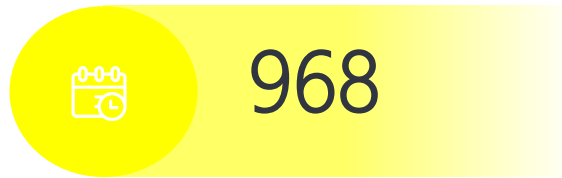

Regina Food for Learning is committed to working with the community to provide nourishing snacks and meals to students in Regina schools. Thanks to staff, volunteers, donors and granting organizations, we were able to provide over 120,000 snacks and meals to the students in our program.

# 2019 REPORT

At Regina Food for Learning, we value high-quality, nutritious foods. In 2019 we made improvements to our menus, aligning them more closely with the new Canada Food Guide. Thanks to our donors, we were able to make these menu changes a reality and provide students with nutritious foods that will help feed their success at school.
